

# INVITATION

## Pump Talk with Ekkono

**Where:** FREE online webinar

**When:** Tuesday 29th August @ 11am CET (30min)

During this 30 minute webinar you will learn how to do condition monitoring of every individual pump, based on how, where, and for what they are being used. This is the future of personalized maintenance and performance optimization, and will prolong your relationship with your pumps after they've left the factory and entered into production.

### Topics will include:

- Cavitation Detection
- Individual Condition Monitoring
- Proactive Condition-Based Maintenance
- Performance Optimizing for best performance and energy optimization
- Prolonged pump lifetime resulting in better RoI and improved sustainability

Grab a coffee and join us!
